interxion™
A DIGITAL REALTY COMPANY

Fact sheet

INTERXION PARIS DIGITAL PARK

PAR8 - PAR9 - PAR10 - PAR11

ADDRESS
2 avenue Marcel Cachin, 93120 La Courneuve, France

A major expansion project only 3km away from Paris.

Interxion Paris Digital Park will accommodate 4 data centres in one location. **PAR8**, **PAR9**, **PAR10** and **PAR11** will be directly connected to all Interxion Paris data centres.

Located in front of the A86 highway "La Courneuve centre" exit, this site offers 2N+1 UPS power and N+1 cooling, as well as the most advanced alarm and monitoring systems. Interxion Paris Digital Park supports the latest high-density power configurations and has been designed using Interxion's energy efficient modular architecture, with free cooling and maximum efficiency components as standard.

At a glance

- 40,000 m² of maximum equipped space
- Security staff on site 24x7, 365
- 130 MW grid connection
- Direct access to more than 85 connectivity providers
- Only 3km away from Paris
- Advanced fire detection and suppression systems
- 2011 ASHRAE-standard temperature and humidity SLAs

Facility

- 40,000 m² of maximum equipped space
- Located in front of the A86 highway "La Courneuve centre" exit
- 4,000 m² office space
- 5,300 m² storage space
- 2N redundant design architecture allowing maintenance operations with no service interruption

Interconnection

- Dual-entry fibre into the building
- Access to more than 85 connectivity providers
- Direct access to PARIX, SFINX and France-IX Internet exchanges
- Paris Campus Metro Connect: 10Gb, 100Gb and dark fiber solutions
- Access to IP single homing or multi-homing on demand

About Interxion

Interxion: a Digital Realty Company is a leading provider of carrier and cloud-neutral colocation data centre services in Europe, serving a wide range of customers through over 50 data centres in 11 European countries. Interxion's uniformly designed, energy efficient data centres offer customers extensive security and uptime for their mission-critical applications. With over 700 connectivity providers, 21 European Internet exchanges, and most leading cloud and digital media platforms across its footprint, Interxion has created connectivity, cloud, content and finance hubs that foster growing customer communities of interest.
