

London Calling

You can't beat the capital's record: a critical mass of consumers, corporations and connectivity makes central London the place to be.

With interconnected IT in the heart of London, your business won't just be able to meet today's requirements, it'll be ready to capitalise on tomorrow.

Meet the in-crowd

4x more digital professionals in Central London than anywhere else in the UK.

54,000

54,000 big data workers within 25 miles.

CENTRAL LONDON: DON'T FIGHT THE DRAW

Uniquely situated between the Square Mile and Tech City, Interxion's Premier Central London Data Centre Campus is where London's digital community gathers to connect, exchange, and transform their businesses.

Our state-of-the-art facilities in Central London offer ease of access, outstanding application performance and proximity to London's dense population of businesses and consumers.

To help even more businesses capitalise on the capital, we're currently investing in a £30m expansion. Opening in June 2018, and available to pre-let now, LON3 will add 1,800m² of data centre space to help supercharge London's digital economy.

£30m expansion

1,800m² of data centre space

WHY INTERXION?

London's only centrally located data centre campus.

Our state-of-the-art carrier and cloud neutral facility provides highly secure, scalable infrastructure, linking customers to the partners, suppliers, networks and cloud platforms they rely on.

90+ connectivity providers only a cross-connect away.

Dark fibre links between LON1/2/3 campus buildings.

Express cloud connectivity to AWS, Azure and CityCloud.

7 miles from London City Airport, 25 miles from Heathrow.

Close to public transport links.

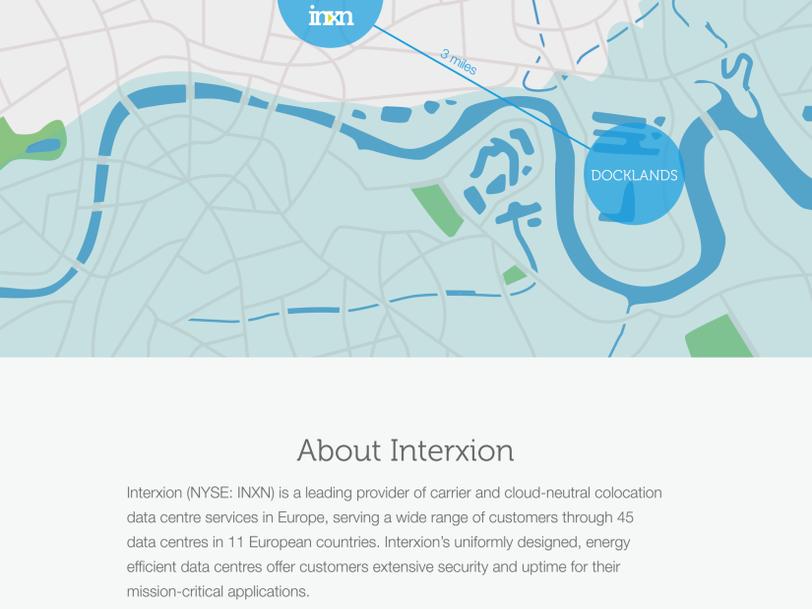

Highly skilled, professional and multi-lingual workforce.

Industry leading 99.999% SLAs.

Powered by 100% renewable energy.

About Interxion
