

 **Fact sheet**

Introducing ZUR – One of Zurich's securest, most scalable and best - connected data centres

If your business wants to connect, exchange and transform, choose ZUR.

ZUR3 is the latest addition to the Interxion data centre campus in Switzerland. Strategically positioned just 5 minutes from Zurich Airport, our state-of-the-art ZUR3 campus introduces 25.117 m² of data centre space and provides access to more than 50 carriers/ISPs and many cloud providers.

Trust one of the securest and most flexible data centres with your mission-critical applications. With us, you benefit from the highest safety standards and latest technology, which guarantee availability and performance.

ZUR3 was designed with a focus on sustainability and modular architecture. Cost-effective cooling, advanced early fire and water detection systems, a multi-layer security concept protected by seven physical security barriers, and the most advanced alarm and surveillance systems make ZUR3 one of the securest data centres in Switzerland.

Innovators interconnect at Interxion

Enhance competitiveness with the right infrastructure, in the right place.

Our Zurich campus attracts a diverse range of businesses making it easy to interconnect with industry peers, partners and suppliers to drive differentiation and find competitive advantage in today's crowded digital marketplace. Direct access to the most important cloud platforms including AWS, Google, MS Azure, Oracle and IBM and many local clouds as well as free connections to the SwissIX, Swiss Internet Exchange Point, make ZUR2 the place to build your perfect business platform.

Unique in Switzerland, Interxion hosts the Cloud network nodes of Microsoft Azure, AWS and Google Cloud, offering the most direct Cloud access.

ZUR – at a glance

- Zurich – located in the heart of Europe
- 11.400 m² customer space
- 24 MW power (ZUR Campus 41 MW)
- 99.999% availability
- Access to 50+ Carriers/ISPs
- 5 physical security layers
- Direct and free access to SwissIX
- 100% renewable energy
- 24/7 technical support
- Cloud-PoPs of AWS, MS Azure & Google Cloud
- Nvidia DGX-ready certified

About Interxion: A Digital Realty Company

Interxion: A Digital Realty Company, is a leading provider of carrier- and cloud-neutral data centre services across EMEA. With more than 700 connectivity providers in over 100 data centres across 11 European countries, Interxion provides communities of connectivity, cloud and content hubs. As part of Digital Realty, customers now have access to 47 metros across six continents.
