

INTRODUCING DUB3

Grange Castle Business Park,
Old Nangor Road, Dublin 22

DUB3 - designed for flexibility, engineered for excellence

Interxion's DUB3 carrier and cloud-neutral data centre provides the latest secure, scalable infrastructure for mission-critical IT systems, with a wide range of connectivity solutions.

Located just outside Dublin city centre, our third Dublin data centre, DUB3 offers secure & resilient infrastructure to house mission critical IT and telecoms infrastructure. The data centre offers redundant power supplies and air-conditioning systems (2N/N+1 configuration) and supports the most demanding high-density configurations.

Interxion's high-security data centre is protected by physical security barriers as well as the most advanced alarm and monitoring systems. To ensure maximum energy efficiency, DUB3 has been designed with a focus on energy-saving, modular architecture, incorporating cooling, as well as, maximum efficiency components.

AT A GLANCE

- Dublin - The gateway to Europe
- 2,320 sqm of newly built and equipped space in phase 1
- Designed to 2kw/sqm
- Low-latency connectivity to key European markets
- 40+ fixed and mobile carriers, ISPs and CDNs
- Latest energy efficient features
- Secure, fully accredited facility
- Direct access to the internet exchange INEX

About Interxion

Interxion (NYSE: INXN) is a leading provider of carrier and cloud-neutral colocation data centre services in Europe, serving a wide range of customers through over 50 data centres in 11 European countries. Interxion's uniformly designed, energy efficient data centres offer customers extensive security and uptime for their mission-critical applications. With over 700 connectivity providers, 21 European Internet exchanges, and most leading cloud and digital media platforms across its footprint, Interxion has created connectivity, cloud, content and finance hubs that foster growing customer communities of interest.

Security

- Trained security staff on-site 24x7
- Complete data centre building protected by a security fence
- Multiple physical security layers including proximity cards, biometric access readers, CCTV, man traps
- 24x7 controlled access
- ISO/IEC 27001 Information Security Management certified
- ISO 22301 Business Continuity Management certified

Data centre

- 2320 sqm of newly built and equipped space
- Located 15km from Dublin City Centre and 22km from Dublin airport
- Modular and redundant set up of fault-tolerant infrastructure
- Trained technical staff available 24x7

Connectivity

- 3 fibre entry points, redundant fibre connections as well as high performance connections to all other Interxion data centres in Dublin
- Access to over 40+ carriers/ISPs
- Redundant Meet-Me-Rooms
- SLA-based cross connects

Power

- N+1 generator backup with SLA on refueling
- 2N power factor corrected modular UPS systems
- Up to 99,999% availability SLA
- High-density power configurations of up to 30kW per cabinet
- Full range of AC and DC output currents

Services

- Colocation: cabinet space, private and shared cages, private rooms
- Hands and Eyes: 24x7 installation and maintenance
- Extendable to over 50+ data centres across Europe via a single service contract
- Meeting rooms and office space available
- Staging area / storage space

Controlled environment

- 2N Advanced smoke detection systems (VESDA)
- Mechanical gas fire suppression system (dedicated per zone)
- (60 minute) fire retardant walls and steel doors
- ASHRAE standard based SLA
- N+2 CRAC units
- Entire facility infrastructure monitored 24x7 (Chiller, CRAC, Fire Panels, Generator, UPS etc.)

Energy efficiency and sustainability

- 100% of purchased energy is green
- Phased modular architecture optimises Power Usage Effectiveness (PUE)
- Data centres operated to the highest energy efficiency standards
- Free cooling system - Adiabatic cooling and Cold Aisle Containment design

Customer support

- ISO 22301 Certification – British Standards Institution (BSI) standard for Business Continuity Management. ISO/IEC 27001 – accredited European Customer Support Centre (ECSC) provides support in 11 countries to the same rigorous standards.
- 24x7 facility and service monitoring
- Multilingual response (German, English, French, Spanish, Dutch)
- ISO 9001 Quality Management certified
