 **Fact sheet**

MRS1 (MARSEILLE)

LOCATION

40 avenue Roger Salengro, 13003 Marseille, France

An ideal home for your applications infrastructure

Opened in 2001, our MRS1 data centre provides the secure and scalable infrastructure for mission-critical IT systems, with a wide range of connectivity solutions. Located in the city centre, MRS1 offers N+1 UPS power and N+1 cooling, as well as alarm and monitoring systems.

Facility

- 6,200 m² of maximum equipable space
- Located in the city centre
- Two minutes' walk from the metro station and less than one minute from the bus stop
- 2N redundant design architecture allowing maintenance operations with no service interruption

Interconnection

- Dual-entry fibre into the building
- Access to more than 130 connectivity providers
- Direct access to France-IX, DE-CIX and NL-ix Internet exchanges
- Direct access to submarine cables to Africa, Middle East and Asia

Services

- Cabinets, Cages and Private Rooms
- Remote Hands and Eyes: 24x7, 365
- Full range of connectivity
- Extendable to more than 40 data centres across Europe via a single service contract

Power

- 16 MW dual grid connection
- High-density power configurations up to 1.5 kW/m²
- Up to 99.999% availability SLA
- 2N+1 UPS redundancy
- N+1 backup generators, supporting 72 hours autonomy at full capacity
- Full range of AC and DC output currents

At a glance

- Direct access to submarine cables to Africa, the Middle East and Asia
- Direct access to 12 submarine cables
- Access to 130+ connectivity providers and to France-IX, DE-CIX and NL-ix
- 6,200 m² of maximum equipable space
- Security staff on site 24x7, 365
- 16 MW dual grid connection
- Advanced fire detection and suppression systems
- 2011 ASHRAE-standard temperature and humidity SLAs

About Interxion

Interxion (NYSE: INXN) is a leading provider of carrier and cloud-neutral colocation data centre services in Europe, serving a wide range of customers through over 45 data centres in 11 European countries. Interxion's uniformly designed, energy efficient data centres offer customers extensive security and uptime for their mission-critical applications. With over 700 connectivity providers, 21 European Internet exchanges, and most leading cloud and digital media platforms across its footprint, Interxion has created connectivity, cloud, content and finance hubs that foster growing customer communities of interest.
