

MARSEILLE (MRS2)

LOCATION

Enceinte Portuaire, Porte 4, Bâtiment MRS2, 13015 Marseille

Colocate your IT infrastructure at the heart of the content hub

Our MRS2 data centre provides the latest secure, scalable infrastructure for mission-critical IT systems, with a wide range of connectivity solutions.

Located in the immediate vicinity of A55 highway, MRS2 offers Hexaload UPS power and N+1 cooling, as well as alarm and monitoring systems.

Facility

- 4,400 sqm of maximum equipable space
- Located in the immediate vicinity of A55 highway
- Less than one minute walk from the bus stop
- 2N redundant design architecture allowing maintenance operations with no service interruption

Interconnection

- Dual-entry fibre into the building
- Access to more than 170 connectivity providers
- Direct access to France-IX, DE-CIX, NL-IX, Hopus, BB-IX, NetIX IX exchanges
- Direct access to submarine cables to Africa, the Middle East and Asia
- Access to IP single homing or multi-homing on demand

Services

- Cabinets, Cages and Private Rooms
- Remote Hands and Eyes: 24x7, 365
- Full range of Interxion connectivity
- Cloud Connect: establish private connections to multiple clouds
- Extendable to more than 100 data centres across Europe via a single service contract
- Control your encryption keys with Interxion Key Guardian
- Metro Connect : connectivity services between our Marseille data centres
- Close to the Marseille Port subsea landing solution
- IX-API to deliver on demand remote peering service

At a glance

- Connected to Interxion campus Marseille's data centres
- Direct access to 15 submarine cables to Africa, the Middle East and Asia
- Access to 170+ connectivity providers and to France-IX, DE-CIX, NL-ix, Hopus, BBIX and NetIX
- 4,400 sqm of maximum equipable space
- Security staff on site 24x7, 365
- 16 MW grid connection
- Advanced fire detection and suppression systems

About Interxion : A Digital Realty Company

Interxion: A Digital Realty Company, is a leading provider of carrier- and cloud-neutral data centre services across EMEA. With more than **700** connectivity providers in over **100** data centres across **13** European countries, Interxion provides communities of connectivity, cloud and content hubs. As part of Digital Realty, customers now have access to **47 metros** across **6 continents**.
